ALLERGEN ADVICE

This allergen information is based on our suppliers' ingredient lists. This information is reviewed every four weeks and whenever our ingredients change.

Please note that normal kitchen operations may involve some shared cooking and preparation areas and utensils, and the possibility exists that your food items may come in contact with other food products, including other allergens.

We encourage anyone with food sensitivities, allergies, or special dietary needs to discuss these with us. We will endeavour to accommodate your needs by identifying alternatives and preparing meals separately.
